TURBOCHARGER MAINTENANCE
REPAIRS | OVERHAUL | SPARES

TURBO@TRUMARINE.COM

WWW.TRUMARINE.COM

TRU-MARINE SPECIALISES
IN THE MAINTENANCE, REPAIRS,
OVERHAUL AND SUPPLY OF
TURBOCHARGERS IN MARINE,
OFFSHORE, POWER PLANT AND
LOCOMOTIVE APPLICATIONS.

Established in 1977, we have built a strong reputation for our extensive expertise, offering full turbocharger service from scheduled overhauls to in-situ emergency repairs.

Our service dedication is grounded on progressive innovative technology and operational excellence, for every delivery to be in full and on time.

We have a proven track record in trusted and long-standing relationships with the majority of the renowned turbocharger makers as their authorized workshop.

We are also appointed as the Woodward Authorized Independent Service Facility for governors and actuators, and by Mitsubishi Heavy Industries Takasago Machinery Works for the maintenance of turbines for starting up cargo oil pumps, water ballast pumps and tank cleaning pumps.

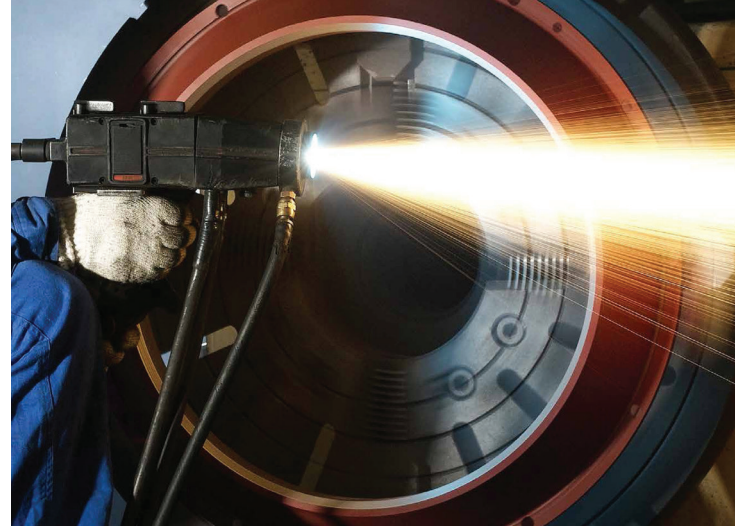

TRU-MARINE IS MAKER-AUTHORIZED FOR CERTIFIED SERVICE AND GENUINE PARTS

Our strong focus on research and development enables relevant reclamation technologies as alternatives to the premature replacement of useful components, ensuring that superior economic and environmental benefits are part of the value we bring to our clients.

OUR SERVICE CAPABILITIES

- Turbocharger overhaul
- Laser-aided reclamation
- Nozzle ring supercoat by High Velocity Oxygen Fuel (HVOF)
- 3D printing
- Cover ring reclamation
- Turbine blade repairs
- Rotorshaft repairs
- Non-destructive testing
- Reconditioning of bearings
- Reconditioning of lubricating oil pumps
- Dynamic balancing
- Turbocharger spares and technical support
- Customised repairs for non-turbo machinery

BOOK YOUR SERVICE
